To execute a cooperative endeavor agreement between the City of Shreveport and Caddo Parish School Board relative to automated speed enforcement devices in school zones.

BACKGROUND INFORMATION

Act 103 (SB 302) became effective on May 21, 2024. Among other changes, the act now requires that a cooperative endeavor agreement (CEA) be executed between the municipality and each governing authority of the schools located within the municipality's boundaries prior to the implementation of automated speed enforcement devices. Furthermore, the revenue generated as a result of these devices shall be divided between the governing authority of the school where the traffic citation was issued and the municipality after funds have been appropriately apportioned to the contractor furnishing the devices. As such, this resolution is for the required CEA, which also includes a provision that outlines the required division of the proceeds.
