**PURPOSE**

To rearrange funding sources for three street projects.

---

**BACKGROUND INFORMATION**

We have recently learned that all of our ARP monies must actually be spent or under contract by the end of 2024, rather than just being appropriated, as we originally thought. Out of an abundance of caution, the Administration is recommending moving ARP monies now appropriated in three streets projects into two older ones (Audrey Lane and David Raines Road) that are farther along in the construction process. The ARP monies will be replaced by Streets Special Revenue Fund dollars that do not have the December 31, 2024 deadline. There is no net change in any of the funding for these projects, just the funding source.
